

# Project-2

Welcome, I'm hoping all is well with you.

This is the end of HTML & CSS phase.

رمضان كريم، كل سنة وانتوا طيبين، أعاده الله علينا بالخير واليمن والبركات

## Prerequisites:

- 1- Choose Team Leader and he will create a repository in github named **"IEEE-CS-25-Frontend-SecondProject"** then make your team members as collaborators.
- 2- Every team member must work on a different branch.
- 3- Pay attention to details in the design.
- 4- Use the same colors in the design using any color picker tool or extension.
- 5- Use [Font Awesome](#) for icons, **Don't** use CDN.  
 [How to use font awesome icons offline \[2024\]](#)
- 6- Make the design fully responsive to mobile, tablet and laptop.
- 7- After completing the project, team leader only sends **"Done"**.
